CONNECT WITH LIFE'S SIMPLE PLEASURES

WELCOME TO LAGGAN

Laggan is a destination of excellence, bringing people together over the things that matter most- a place where people can spend quality time with their friends and family and escape the everyday.

Home to 18 Snugs, Cairnharrow Cottage and Laggan Behind, Laggan is nestled in the heart of South West Scotland's countryside but despite our rural location, we're really not too far from the big cities. Just 1.5 hours from Carlisle, 2.5 hours from Edinburgh and under 2 hours from Glasgow, we are in prime position for holiday makers looking for a weekend escape or longer.

Our set up allows you to make the most of your relaxing getaway. You can enjoy breakfast, brunch, lunch and dinner at our fabulous contemporary bistro bar 'Gather'. If you're here for a celebration at GG's Yard, our properties are just a short stroll from the venue.

OFF THE BEATEN TRACK

Designed with comfort seekers in mind, our Sea View Snugs offer unrivalled and uninterrupted views of Fleet Bay with an outdoor seating area to enjoy it from. The Snugs are individually themed and include extra touches such as complimentary WiFi, Amazon Dots, tea and coffee facilities and fridges to ensure you have everything you need to truly unwind.

Our Snugs are built into the Galloway Hills and the countryside is literally on your doorstep allowing you to get back to nature. Each Snug comes with a set of binoculars so you can watch nature go right past your window. The Snugs are also built on a working farm so it's likely you'll spot a sheep or cow or two grazing in the fields around you.

ENJOY THE GOOD TIMES

We are meant to be around others; it's good for us. Gather offers a space for you to do just this. Gather is a place at Laggan where friends and family can get together to enjoy the good times.

The Bistro is located just a short walk from our accommodation and offers delicious food made from the freshest ingredients and prepared with care and attention. Our sensational sea views will certainly add an extra wow factor to your dining experience.

After your journey to Laggan, you'll be able to relax around a chiminea with a cocktail or enjoy a beverage from the heated seats whilst you wait for dinner. Gather is the perfect spot to plan your time with us over breakfast and a place where you will soon realise that our good food and good views are good for your soul.

THINGS TO DO

From day trips to the beach, fishing in lochs, hiking across the Galloway Hills or enjoying some biking adventures, there is always something to do.

The Galloway Forest Park became the 4th Dark Sky Park in the world and boasts breath-taking and rare stargazing conditions. You can also watch the milky way from the comfort of your Snug from either the outdoor seats or hot tub.

You can find out more about things to do on our website.
